## PROJECTS

---

### YouTube 2.0 [↗](#)

*React, JavaScript, HTML, CSS, MaterialUI*

- Developed a modern YouTube clone application using **ReactJS**, implementing responsive UI with **MUI 5**.
- Integrated enhanced features and dynamic content delivery through **RapidAPI**, showcasing skills in **API integration**.

### Crypto Marketplace [↗](#)

*JavaScript, HTML, CSS*

- Created a 3-page **responsive** crypto website, utilizing **HTML**, **CSS**, and **JavaScript**.
- Implemented an engaging **UI-UX**, demonstrating expertise in website design and client-side **scripting**.

### Conversational Chatbot [↗](#)

*Python, Flask, Javascript, HTML, CSS*

- Developed a dynamic chatbot web application leveraging **JavaScript**, **HTML** and **CSS** for front-end interactivity and **Flask** for backend functionality.
- Implemented a user-friendly interface and integrated API for enhanced user engagement.

### Admin Dashboard [↗](#)

*HTML, CSS, JavaScript*

- Built a responsive admin dashboard with **HTML**, **CSS** and **JavaScript**, offers toggling between 2 modes - light/dark.
- Demonstrated expertise in front-end **development**, design principles and data visualization, ensuring seamless UX.

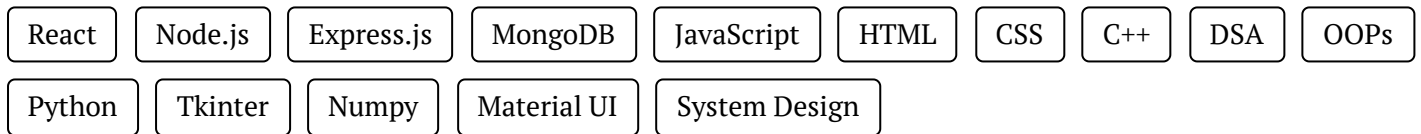

### Password Vault Application [↗](#)

*Python, Tkinter, SQLite*

- Designed and implemented a robust password generator and manager application in **Python**.
- Utilizing **Tkinter** for graphical user interface (GUI) development and **sqlite3** for secure storage, access and management of passwords and user data.

## SKILLS

---

## EDUCATION

---

### Bachelor of Technology - Computer Science Engineering

*Guru Gobind Singh Indraprastha University*

CGPA: 9.106

2020 – 2024

### Higher Secondary Schooling

*Lovely Public Sr. Sec. School*

90.2 %

2019 – 2020

CBSE

## ROLES & RESPONSIBILITIES

---

### Hashtag - Technical Society [↗](#)

*Head of the Logistics Division*

- Orchestrated 10+ coding competitions, 3+ bootcamps and 2 hackathons.
- Manifested **leadership** in dynamic landscape and **operations expertise** for success.

03/2023 – present

### Hashtag - Technical Society [↗](#)

*Member of the Organizing Committee*

- Integral in a 15-member organizing committee, contributed to diverse technical events.
- Showcasing versatility in **management** and **decision-making**.

02/2022 – 03/2023

## ACHIEVEMENTS

---

### Organising Member of National Level Hackathon - HACKTIVATE'23 [↗](#)

05/05/23 - 06/05/23

- Orchestrated a national-level hackathon, overseeing vital **logistics** for seamless execution.
- Coordinated with **150 participants**, proved **organizational prowess** for event triumph.

### First Runner-Up of Intra-college Hackathon - HACK JEMTEC [↗](#)

17/04/23

- Secured runner-up in a college-level hackathon as an **asset** of a successful 4-person team.
- Proved collaborative **problem-solving** and **technical skills**, leading to team's triumph.

## CERTIFICATES

---

- [Python - Core & Advanced](#) ↗

- [Data Structures & Algorithms using C++](#) ↗
